Domaine de la Grande Colline

Vin de France Blanc Bibendum

ABOUT THE ESTATE

- Domaine de la Grande Colline is located near the top of the hill of Cornas, overlooking the Rhône River.
- Vigneron Jonathan Jacquart worked with local legends Emmanuel Reynaud and Thierry Allemand before founding his own estate.
- Jacquart has made significant improvements to the vineyards, introducing biodiversity in the form of cows, bees, and new plantations of various plants and trees.
- Vinification is very simple, using whole bunches with light extraction and aging in neutral barrels sourced from the Dujac estate.
- These are wines that taste true to the Cornas terroir of deep, dark Syrah with savory, peppery notes and an incredible amount of depth.

APPELLATION
Vin de France

GRAPE VARIETY
100% Clairette
