

## Domaine de la Grande Colline

### Vin de France Blanc Bibendum

#### ABOUT THE ESTATE

- Domaine de la Grande Colline is located near the top of the hill of Cornas, overlooking the Rhône River.
- Vigneron Jonathan Jacquart worked with local legends Emmanuel Reynaud and Thierry Allemand before founding his own estate.
- Jacquart has made significant improvements to the vineyards, introducing biodiversity in the form of cows, bees, and new plantations of various plants and trees.
- Vinification is very simple, using whole bunches with light extraction and aging in neutral barrels sourced from the Dujac estate.
- These are wines that taste true to the Cornas terroir of deep, dark Syrah with savory, peppery notes and an incredible amount of depth.

#### APPELLATION

Vin de France

#### SUB-REGION

Cornas

#### GRAPE VARIETY

100% Clairette

#### FARMING
