

Domaine Cruchandeau Nuits-Saint-Georges Aux Saints Jacques VV

ABOUT THE ESTATE

- Julien Cruchandeau seeks to elevate the oft-overlooked appellations of Burgundy, such as Bouzeron and Hautes-Côtes de Nuits, while also showcasing more familiar villages.
- Low yields and non-intervention are the goal, maximizing the quality of these wines.
- The vineyards have been farmed organically since 2011 and no chemical fertilizers are used.
- Natural techniques are practiced in the cellar, with hand-harvested grapes and indigenous yeasts.
- Julian's wines are aromatic, bright, fresh, and pretty, and have a clearly expressed sense of place.
